Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 0400 on Sunday 28 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with some rain on Sunday. Brightening up on Monday.

Today:
A windy day, with gales over high ground. Some brightness is likely early morning but it'll be generally cloudy with patchy light rain, perhaps heavy at times over the western hills. Rather mild. Maximum temperature 14 deg C (57 deg F).

Tonight:
Remaining wet and windy, with gales and frequent spells of rain on hills, heavy at times. Rain lighter and less frequent elsewhere. A mild night. Minimum temperature 11 deg C (52 deg F).

Monday:
Wind gradually easing through the day, with rain becoming light and confined to high ground. Some possible sunny spells in the far south. Milder. Skies clearing in the evening. Maximum temperature 16 deg C (61 deg F).

Outlook for Tuesday to Thursday:
Tuesday less windy, dry with warm sunny spells developing. Turning cooler and cloudier on Wednesday, with patchy rain later. A cold start on Thursday, then dry with sunny spells.
